In accordance with Section 1511 of the American Recovery and Reinvestment Act, I certify that the infrastructure investment funded with the amount appropriated by ARRA has received the full review and vetting required by law, and I accept responsibility that that investment is appropriate use of taxpayer dollars.

In addition, I certify that the specific information required with regard to appropriate use of the investment, including a description of the investment, the estimated total project cost, and the amount of ARRA funds to be used for the project, is provided on our district and appropriate state agency Recover webpage (<http://www.recovery.gov>).

The following information pertains to the required certified infrastructure projects pursuant to Section 1511 of the American Recovery and Reinvestment Act (ARRA) of 2009. The certification is required prior to using State Fiscal Stabilization Fund (SFSF) grant monies for infrastructure projects.
